

MODEL:CH8204L

Item	Model
	CH8204L2 7S 29.4V/5A
Input Voltage	AC 115/230V 50/60HZ
Output Voltage	29.4V±0.2V
Output Current	5±0.2A
Pre-charge(under voltage) Current	0.6A±0.2A
Cut-off Current	100MA-300MA
Charger body over-temperature protection	There will be no output if the temperature of the heat sink in the charger over 90°C
The battery positive and negative polarity reverse protection	Have/ Stop Charging.
Short-Circuit Protection	Have/Stop Charging
Over-Voltage Protection	Have/Stop charging when the voltage is over 10% of the Vmax
Over-Current Protection	Have/Stop charging when the current between 6A-7.5A.
Timer Protection	2H timer protect for Pre-charge. 10H timer protect for fast charge.
Other Protections	Stop charging if the battery voltage is too high or too low.
Operating Temperature	0°C ~ 40°C
Operating Humidity	20% ~ 85%
Storage Temperature	-20°C ~ 70°C
Operating Height	3000M
Dimensions	L180mm*W93mm*H53mm
Weight	0.83kg
Safety Certification	UL TUV-PSE TUV-GS CE RCM
